1. Policy Overview

- 1.1 Progress Schools High Wycombe is an inclusive establishment. It operates an equal opportunity policy for the education of students with a wide range of disabilities as outlined in the definition of Disability under the Equality Act (2010); *a person has a disability if he /she has a physical or mental impairment which has a substantial and long term (>12 months) adverse effect on their ability to carry out normal day-day activities.* The school ensures that all students with a range of disabilities experience inclusion so as to eliminate discrimination and harassment. We ensure this through the management of our building and curriculum and make certain that there is due regard to the need to constantly:
- promote positive attitudes
 - encourage participation by disabled persons in public life
 - promote equality of opportunity
 - eliminate disability related harassment
 - eliminate unlawful discrimination
 - use more favourable treatment, if necessary
- 1.2 It is the responsibility of the Governance Board and Senior Leadership Team to produce the Accessibility Plan. Details and progress against the Accessibility Plan are shared with governors and parents.

2. Key Aspects

- 2.1 Responsible bodies:
- must not treat disabled students/staff less favourably than able bodied students/staff
 - must make reasonable adjustments
- 2.2 Definition of disability - a physical or mental impairment with an adverse effect on the student's ability to carry out normal day-to-day activities. Effect must be substantial and long term.
- 2.3 Planning Process:
- Access audit and review of current activities
 - Identify priorities
 - Set targets
 - Consultation
 - Publication
 - Implementation
 - Evaluation
- 2.4 Reasonable adjustment plans for individual students are contained within their Individual Education Development Plans. Staff who require reasonable adjustments have a health passport completed when they start. Both documents move with the person should they switch schools/departments.
